

Dear Parents,

As we begin to prepare for the 2020-2021 school year, it is obvious that this year will be different from those that came before. Once again I remind you that all plans are subject to change as new knowledge and further regulations come to light.

In reference to School Supplies, we are 100% sure that no supplies will be shared among or between students. Each individual must be prepared each day with all of the necessary supplies. It will be more important than ever for you to check that your children have the pencils, pens, etc. that they need each and every day. Items should be labeled with your child's name. In addition, a "craft box" has been requested by all teachers to store all personal supplies safely as these items will not be stored in their desks. A "Craft Box" has been listed for every student with a link for one such box. However, it is not necessary to purchase that exact box from that retailer. Any similar type box (size and shape) will meet the requirement of storing all personal items to be used during the school day.

The teachers have put together a supply list for each grade. In addition, some of the teachers of Special Subjects have also requested some supplies. We ask that you begin preparations for September as some of these items may become hard to purchase due to high demand. Supplies should be brought in during the first week of school.

The teachers and I thank you in advance for your classroom donations.

Stay safe, healthy, faithful, and forever hopeful,

Mrs. Mangone

Kindergarten

Number Needed	Item	Special Instructions
1	container disinfectant wipes	
1	pack of baby wipes	
1	Individual hand sanitizer	60% alcohol or more
1	box of tissues	
1	roll of paper towels
